WE ARE VOLVO

**Made for Life,
Made for You**

**The Heart of
Everything We Do**

**Exclusive Owner
Experiences**

Made for Life, Made for You

Giving you the freedom to move in a personal, sustainable, and safe way.

PERSONAL

We commit to developing and building the most personal solutions in mobility that make life less complicated and to protect your freedom for the things that matter most. Our products and services are personalised, familiar, and luxurious.

SUSTAINABLE

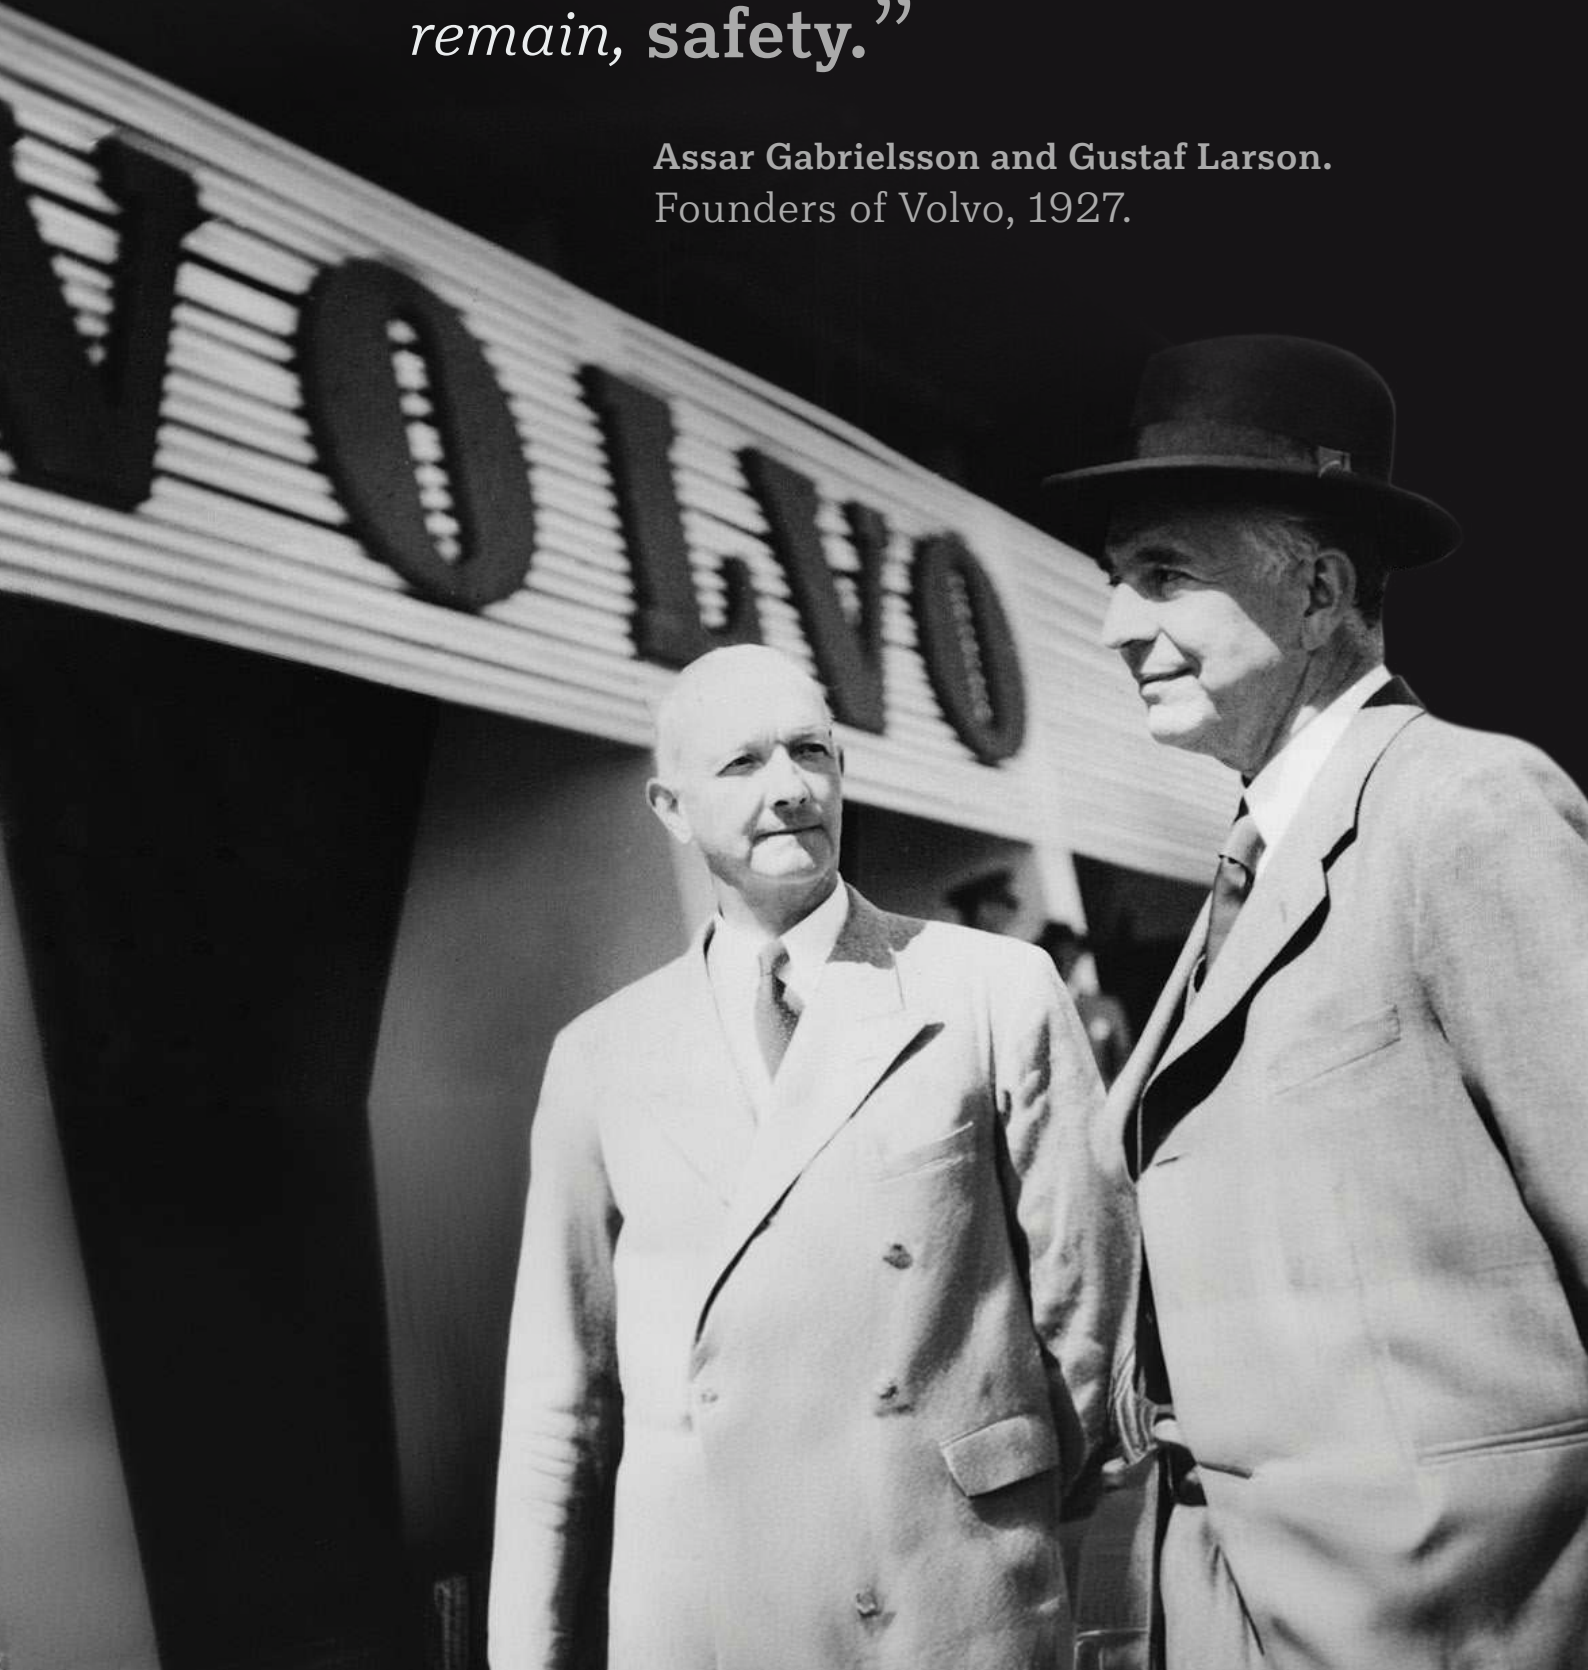

To protect the world we share, we must do more than electrify our cars. We commit to the highest standard of sustainability because we are authentic, responsible changemakers.

SAFE

We commit to pioneering the safest, most intelligent technology solutions in everyday life to protect what is important to you and the people around you.

*“Cars are made for people.
The guiding principle behind
everything we make at Volvo,
therefore, is and must
remain, **safety.**”*

Assar Gabrielsson and Gustaf Larson.
Founders of Volvo, 1927.

The Heart of Everything We Do

We're all for safety, sustainability, and innovation.

Since 1927, we've been designing cars that put people first, and we are continuously improving safety for a better tomorrow. For you, the environment, and everyone on the road.

Global Milestones:

2017	2019	2021	2025	2030
First established car company to announce all-in electrification	All models available in an electrified version	C40 Recharge: the first Volvo designed as fully electric only	50-60% of global sales from fully electric or plug-in hybrid models	90-100% of global sales from fully electric or plug-in hybrid models

We have updated our sustainability ambitions for 2030:

- Reduce CO₂ emissions per car by 65-75%
- Reduce energy usage in operations per average car by 40%
- 30% average recycled content across fleet, with new car models having at least 35% recycled content
- Reduce water use in operations by 50% average per car
- At least 99% of all waste from operations to be either reused or recycled

Exclusive Owner Experiences

Building a vibrant community of Volvo customers through exclusive experiences, sports, and fine dining.

VOLVO SAFETY DRIVE

VOLVO PADEL OPEN

VOLVO KOPPLA DINNER

DID YOU KNOW?

Koppla is actually Swedish for connect. And that is the main goal of our Volvo Koppla events — an initiative to create experiences for customers and a sense of community.

Be the First to Drive

The Volvo EX30 is our latest electric SUV made for every moment in life.

It's packed with technology, featuring a new automatic parking feature, Google Built-in, upgraded Pilot Assist, and 360° environmental awareness from multiple cameras, sensors, and radars that look out for you and others on the road. While big on tech and safety, it's also the fastest-accelerating Volvo car to date, designed to have the smallest carbon footprint ever.

Don't just take our word for it. Get in the driver's seat of the new, fully electric Volvo EX30 at our first-of-its-kind launch showcase and driving experience:

DATE : 26th to 29th September 2024
TIME : 10:00am to 6:00pm
(8 sessions per day starting on the hour)
LOCATION : KL Base, Sungai Besi

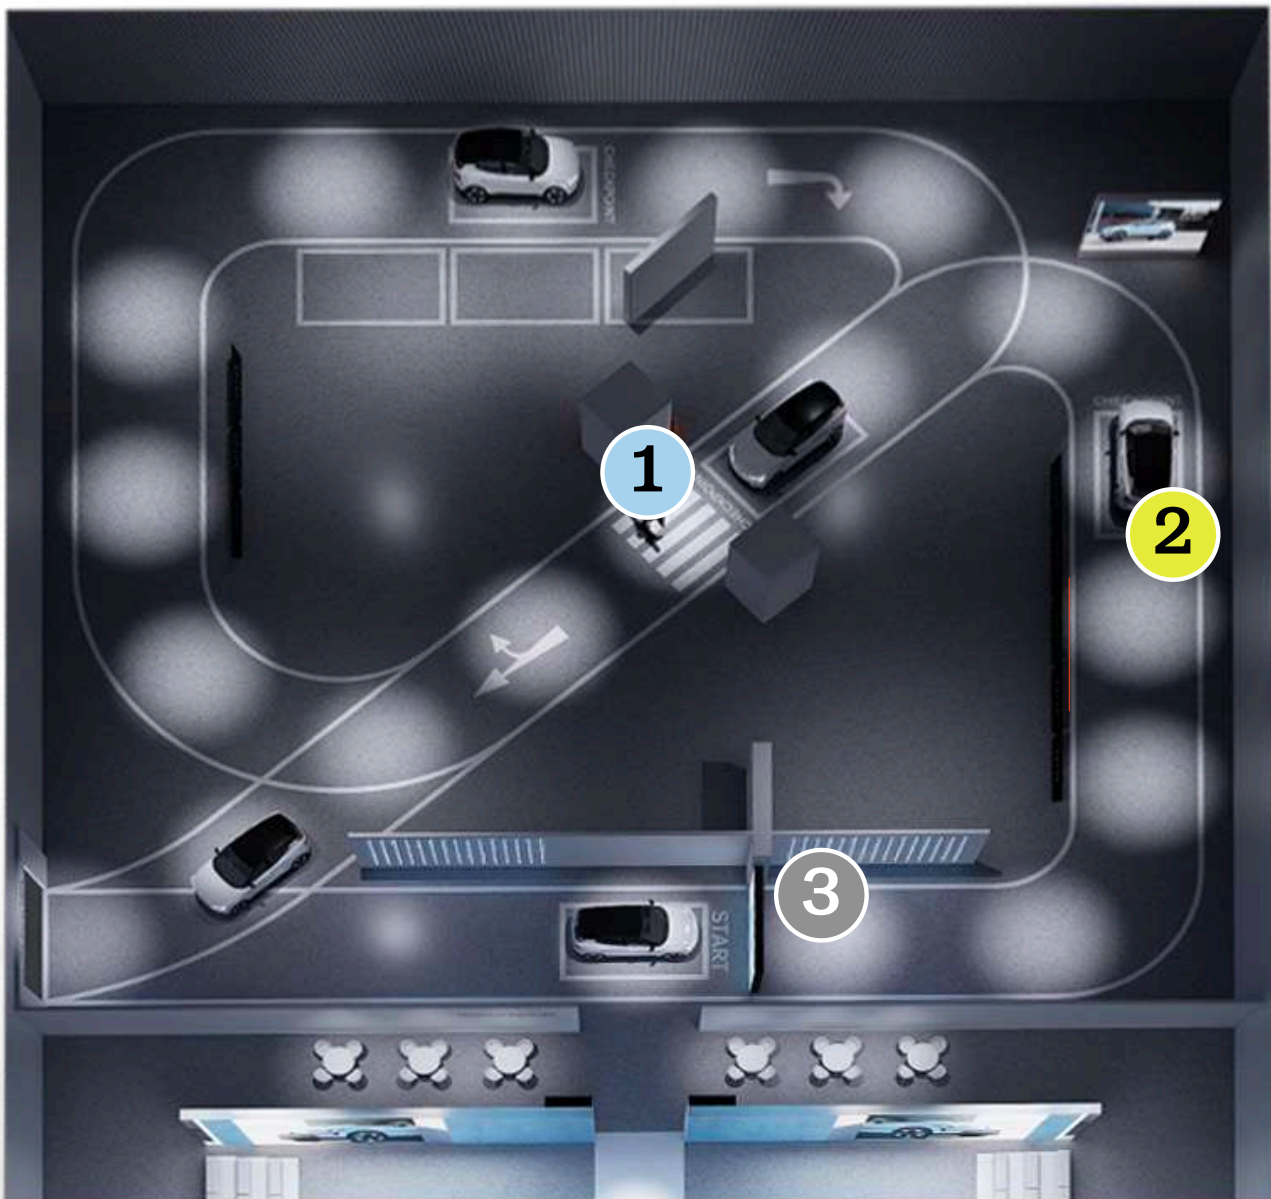

Slots are limited and available on a first-come, first-served basis. Don't miss out on a chance to be one of the first to experience the EX30 yourself.

[TAP HERE TO BOOK A TEST DRIVE NOW](#)

What You'll Experience

Experiential Drive

1 Understand the little thoughts that make a big impact with the EX30

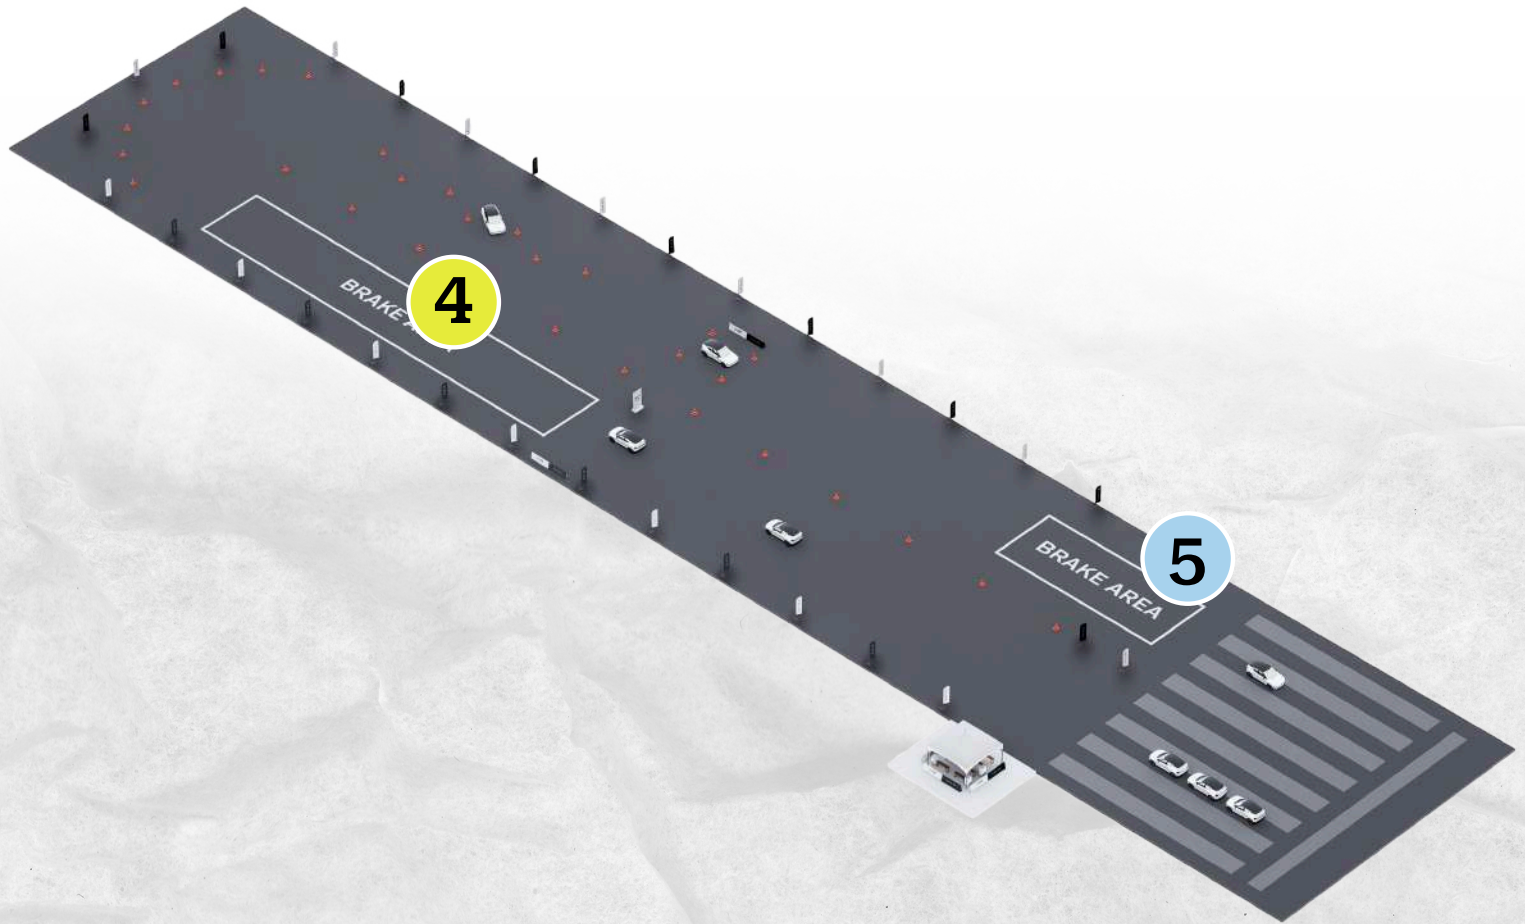

2 See, touch, hear, and feel the EX30 in person

3 Learn about the EX30's tech and features in an interactive car ride

Performance Drive

4 Experience the EX30's acceleration and handling on the tarmac

5 Take the EX30 for a test drive on real, busy city roads

Important Reminders

1. Please arrive at least half an hour before your slot for registration.
2. Non-registered guests are not allowed to drive or ride along as passengers.

For the Performance Drive

1. Bring a valid national identification document (NRIC/passport) and a valid driving license if you would like to experience the hands-on driving experience. Non-Malaysians must own an international driver's license and passport for verification.
2. Wear appropriate attire and covered shoes for this part of the experience. For your safety, high heels, sandals, and flip-flops are strictly prohibited.
3. Children are not allowed in this area. Their safety is your responsibility.
4. Please note that the following persons may not participate:
 - Drivers with Probationary Driving License
 - Pregnant women

By participating, you declare that you are of sound health and mind.

100% Electric Driven

Experience powerful performance in our range of fully electric EX30s.

EX30 Ultra Twin Performance

Total power 315kW/428hp
Total torque 543Nm
0-100km/h 3.6 secs
450km WLTP range

Experience superior performance with instant torque, all-wheel drive stability, and smooth acceleration at all speeds with dual, high-performance electric motors.

Optimised power delivery between rear and front axles, with main propulsion via the rear motor when all-wheel drive is not required.

EX30 Plus & Ultra

Total power 200kW/272hp
Total torque 343Nm
0-100km/h 5.3 secs
476km WLTP range

Experience balanced performance that's responsive and powerful with a single, rear electric motor.

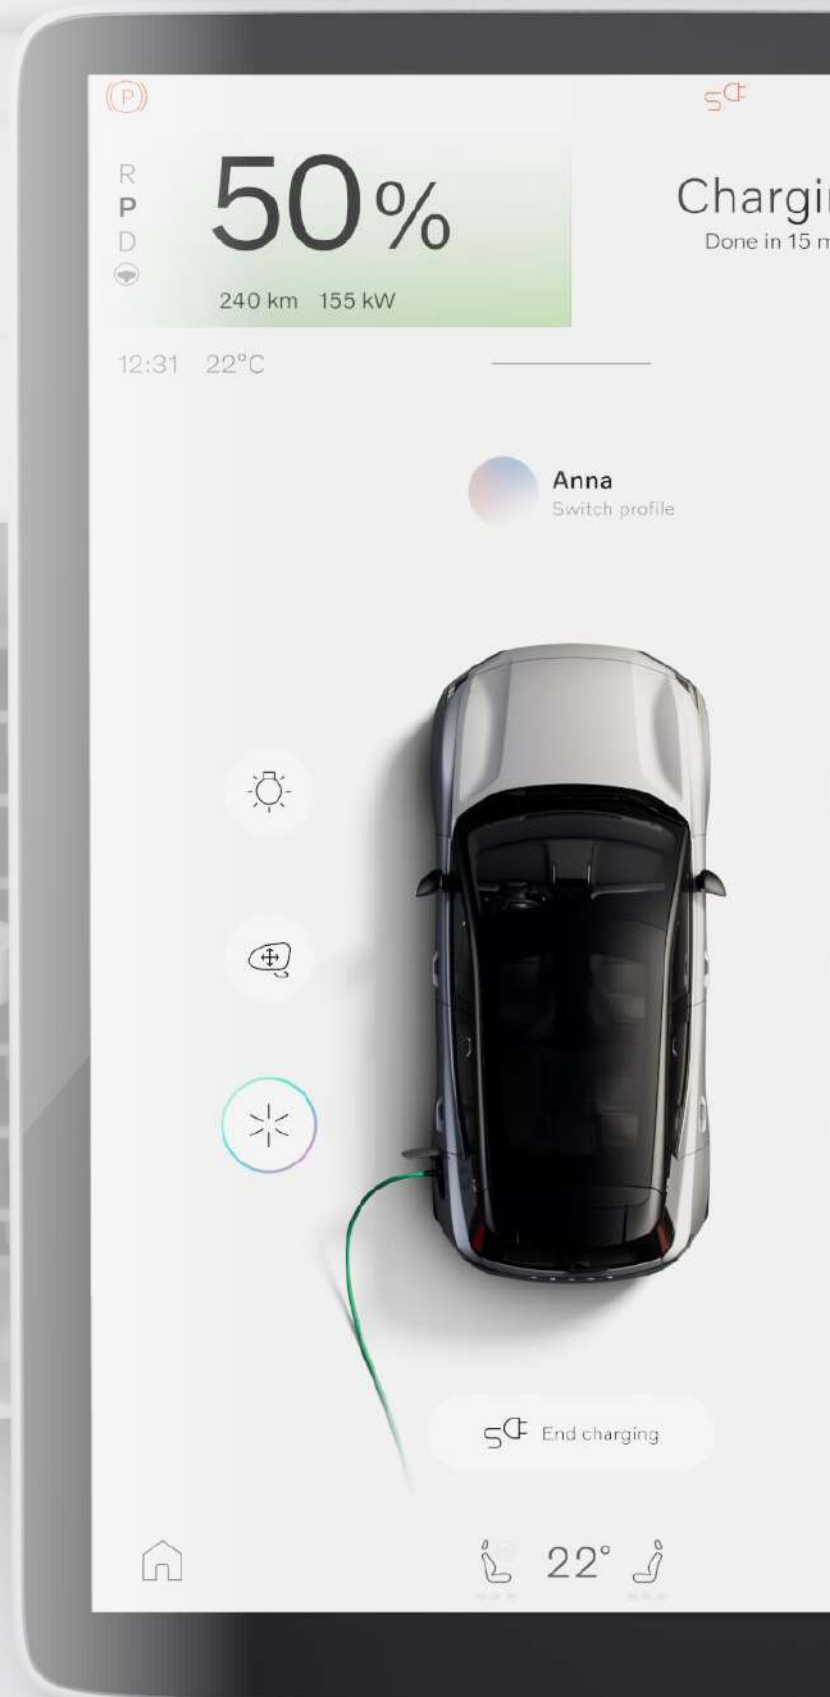

For Every EX30

The whole range has water-cooled, permanent magnet synchronous motors that feature a silicone carbide-based power module inverter for 3% higher energy efficiency and longer range.

Combine that with the 69kWh NMC battery pack, capable of 175kW DC fast charging, and you could go from 10% to 80% in as little as 28 minutes.*

* Charging times are dependent on factors such as outdoor temperature, current battery temperature, charging equipment, battery condition and car condition.

Scandinavian Style with Substance

Instilling Volvo's signature Scandinavian design into bold yet balanced body proportions.

The EX30 features a low hood, extra-wide headlamps and fenders, large wheels, and 171mm of ground clearance.

All elements create an aerodynamic design ($C_d = 0.28$) that contributes to high energy efficiency and long range.

With a closed-front, segmented front and rear LED lights, glossy black design details, dual-tone black roof, frameless door mirrors, and lower body elements that accentuate the contemporary, fully electric expression.

Designed for Safety

The exterior is modelled around a strengthened safety cage to protect you in the event of a crash.

The chassis and safety cage is built from high-strength steel to also prioritise battery integrity.

Connected Technology

Built-in features to make your everyday drives and life easier.

Google Built-In

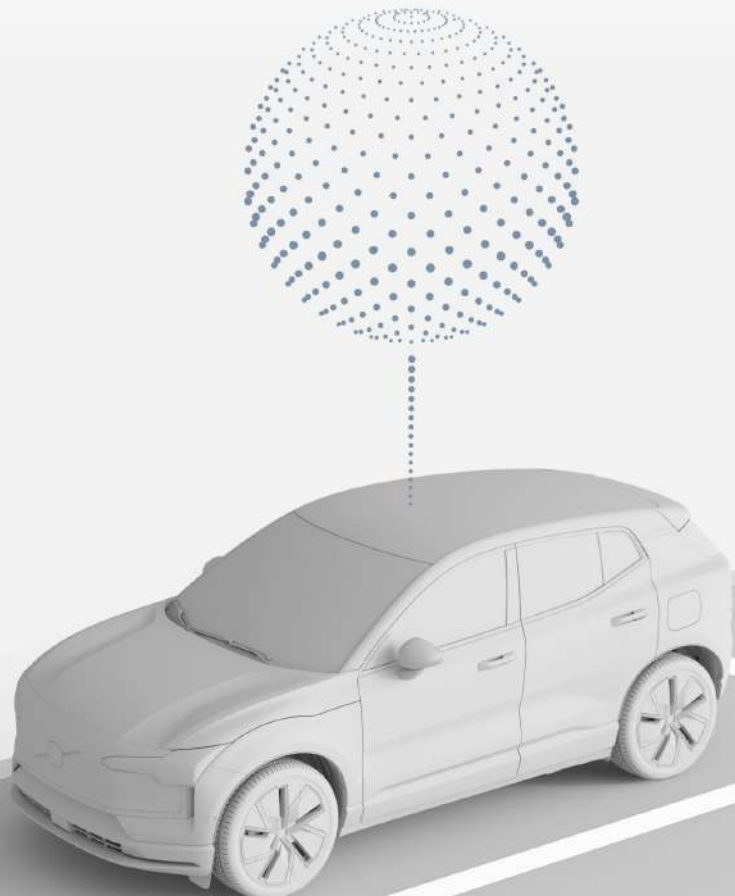

Google apps and services make the Volvo EX30 as intuitive as a smartphone. The Android-powered infotainment system adapts to you and offers a personalised, seamless driving experience with voice-activated Google Assistant, Google Maps to help locate charging stations, and Google Playstore for personal apps.

Wireless Connectivity

The EX30 comes with wireless charging and Apple CarPlay, features that seamlessly integrate with the infotainment system. You'll be able to voice commands to Siri via the steering wheel button. There's also a built-in telematics unit with a SIM chip that provides connectivity for digital services, including one-press SOS and roadside assistance.

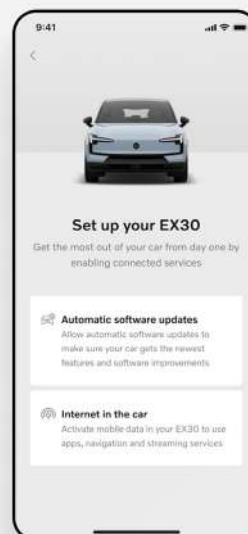

Over-the-Air Updates

Volvo's remote service that enables automatic updates for the most optimised driving experience. You can schedule updates through the infotainment screen or via EX30 app and return to a smarter car.

Keyless Access

Unlock the EX30 via key card or key tag. Swipe the wallet-sized key card on the NFC reader in the roof pillar and place it in the centre console before driving off. Alternatively, carry the key tag in your bag or pocket for automatic unlocking, starting, and driving.

The EX30 App

A specialised app that lets you set up your EX30 before delivery and manage features remotely. That includes locking and unlocking, finding it via honk and flash, managing updates, pre-conditioning the climate, checking charging status and more.

Safe for You and Others

With safety features that make every drive safe for everyone on and off the road.

Safe Space Technology

Volvo's full suite of active safety features includes 5 radars, 14 ultrasonic sensors, and 5 cameras outside the EX30. Inside, an advanced driver alert system detects steering input and scans eye and face movements around 13 times per second. If it detects drowsiness or a distracted driver, it prompts them with visual and audible warnings.

Automatic Braking

A feature that has saved many bumpers but more importantly, many lives. Using radars, sensors, and alerts, this feature now detects scenarios like front cross traffic, intersection crossings, and turning into traffic.

For the Ultra variant, there's also an added low speed auto brake to avoid collision with vehicles, cyclists, and pedestrians.

Upgraded Pilot Assist

With Volvo's latest tech, the EX30's semi-autonomous driving maintains optimum distance from large trucks to make passing and overtaking easier. It also automatically creates more space for vulnerable road users such as bikers travelling on the same lane.

Park Pilot Assist

The EX30 includes a new generation of this feature, capable of handling parallel, curved, perpendicular, and diagonal fishbone parking scenarios. It can automatically identify available parking spaces and briefly control the accelerator, brakes, and steering.

Door Opening Alert

This feature protects all road users by alerting occupants with visual and audio alarms before opening doors when parked. It does this by using radars to detect approaching cars, cyclists, motorcyclists, and pedestrians from behind.

Interior with Intention

Every space and detail in the EX30 has been carefully thought through to accommodate your lifestyle.

Inspired by Nature

The interior of the EX30 features minimalistic Scandinavian design with a premium look and feel. The sporty Indigo interior uses upcycled denim, upholstery made from 100% recycled polyester and Nordico with recycled PET content, while plastic materials are made with 30% recycled content.

For Every Mood

Choose from five ambient themes inspired by Swedish nature. Experience calming, shifting shades paired with ambient soundscapes for extra immersion.

Smarter Storage

The EX30 optimises interior space with dual wireless phone charging slots, central storage that fits a handbag, a sliding cupholder, extra storage under the central armrest, and large door pockets in place of regular door speakers in front. It also features a removable storage box with a hidden design surprise.

Controls Within Reach

Functions that matter most can be viewed and controlled on the centralised free-standing 12.3" display, while window controls are on the centre armrest. The steering wheel is also paired with monostable stalks and buttons that control gear selection, indicators, wipers, lights, infotainment, communication, Pilot Assist, and more.

Harman Kardon Premium Sound

Optimising sound experience with a soundbar seamlessly integrated under the windshield. It packs tweeters, mid-range speakers, and woofer outlets into a single unit without compromising hi-fi audio. By removing speakers from the doors, this clever idea provides more storage space in return.

Space for Every Lifestyle

Versatile compartments and storage that help you bring along your belongings with ease and security.

City Hauling Made Easier

Built to carry what you need in your urban lifestyle. The EX30 has luggage capacity of 318 litres with all seats up or 718 litres with the rear seats folded.* The 60/40 split backrest and flat load floor make loading heavy items a breeze.

Made for Life

The frunk (front trunk) keeps dirty gym clothes and pungent takeaway food separate from the cabin. In the rear, there are also grocery bag holder hooks to stop bags from toppling and a 12V outlet that powers appliances such as a cooler box or tyre repair kit.

* Storage space calculated from load floor and/or folded rear seats to top of front seats.

Taking Away Guesswork

A handy "Will it Fit?" guide on the inside of the tailgate states dimensions and seat configurations to help you see what can be easily transported, like golf bags, strollers, even a stand lamp – they all fit.

Hide What Matters

An extra 61 litres of storage under the load floor can be used to hide valuable cargo. A space for laptop bags, expensive purchases, or that surprise birthday gift you want to keep secret – the applications are endless.

Flexible Configurations

The load floor can be easily adjusted with one hand. The normal level creates a flat load floor to load large items with folded rear seats. The lower level fits larger items such as suitcases with the rear seats up. You can even store the detachable parcel shelf under the load floor.

Lowest Carbon Footprint

Designed to use material as efficiently as possible with a minimum of waste.

Small Steps, Big Impact

Every aspect of the EX30's design contributes to Volvo's target of becoming carbon neutral. By tackling emissions throughout the production and lifecycle, Volvo has reduced the car's total carbon footprint over 200,000km to below 30 tonnes*.

* Based on lifecycle CO₂ emissions over 200,000km of driving using charging electricity from the EU27 energy mix. Relates to globally available products.

Doing More with Less

Sustainable design comes from a simple, powerful thought: the most sustainable component is the one that doesn't exist. Volvo designers combined multiple functions inside the EX30 within single components, reducing the number of parts without compromising functionality.

Size Does Matter

The EX30's compact design reduces carbon emissions by using less material. About a quarter of the aluminium and 17% of the steel used are recycled, and the production process streamlines one of Volvo's highest material utilisation rates during manufacturing.

Recyclable & Renewable

The EX30 is built with a big amount of recycled and renewable materials in its upholstery, carpets, and components. It is also designed to be 95% recoverable at the end of its life through recycling materials and recovering energy from what cannot be recovered.

Traceability Matters

Sustainability comes with responsibility, especially in producing the EX30's high-voltage battery packs. Volvo uses blockchain technology to trace critical raw materials which now include lithium, manganese, cobalt, graphite, and nickel.

Awards and Accolades

The Volvo EX30 has been awarded titles in multiple categories worldwide.

reddot award

**BEST OF THE BEST
PRODUCT DESIGN 2024**

This prestigious award recognises the pinnacle of design based on four basic principles: quality of function, seduction, use, and responsibility.

Everything You Get with Your EX30

**We've Got
You Covered**

**Over-the-Air
Updates**

**Aftersales
Services**

**Upgrades
and Add-Ons**

We've Got You Covered

The EX30 comes with comprehensive warranties and complimentary services so you can enjoy every moment with peace of mind.

Get a 5-year car warranty & 8-year battery warranty

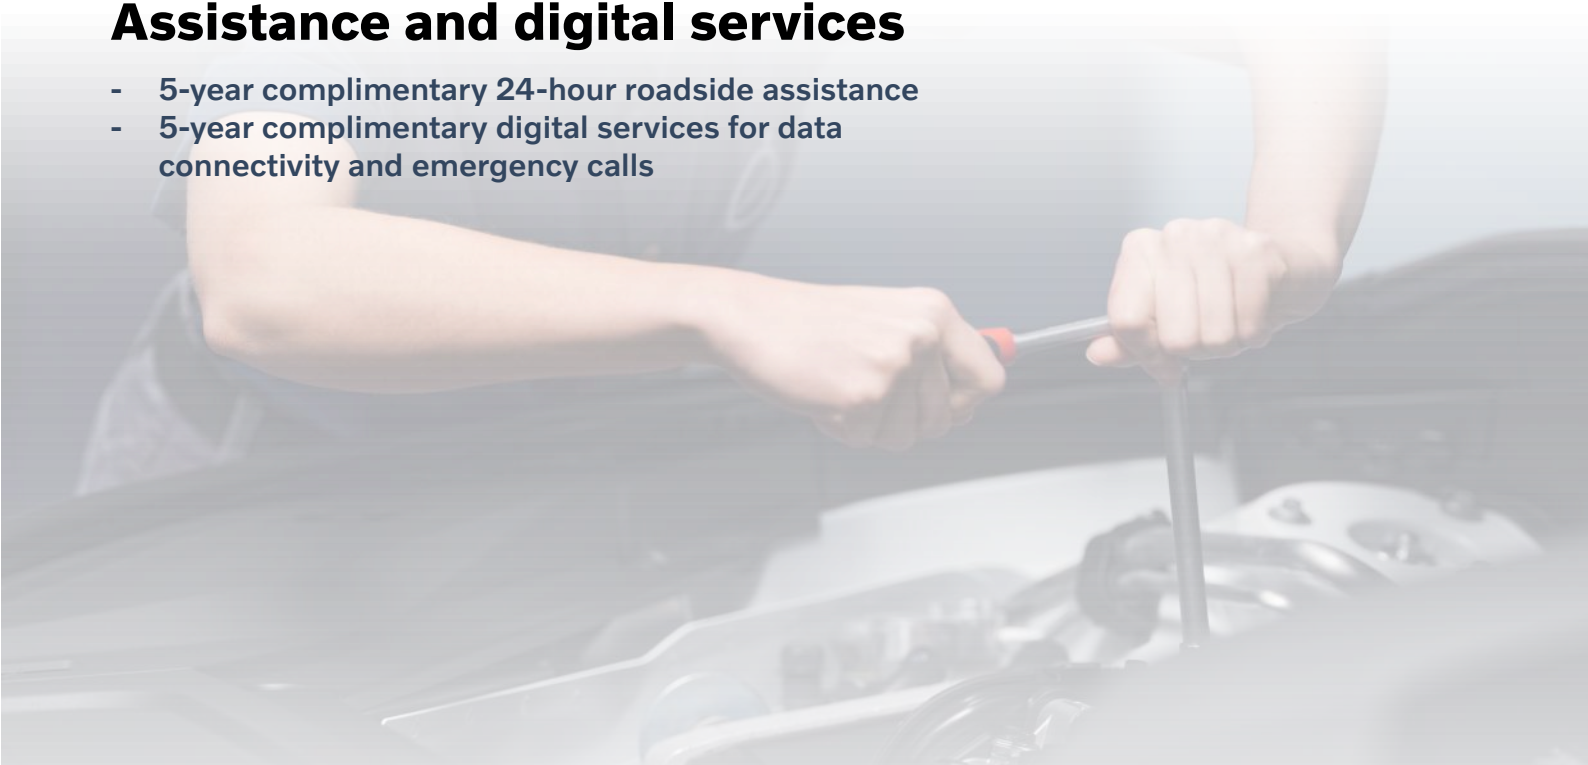

- 5-year unlimited mileage car warranty
- Manufacturer warranty on the high voltage battery for 8 years or 160,000km, whichever comes first

Enjoy Volvo Service Plan for 5 years

- Premium service by our trained technicians
- Includes service fees and selected wear-and-tear coverage for 5 years or 100,000km, whichever comes first

Stay ready with 5 years of Roadside Assistance and digital services

- 5-year complimentary 24-hour roadside assistance
- 5-year complimentary digital services for data connectivity and emergency calls

Over-the-Air Updates

Our remote update service that downloads and installs the latest functionalities and upgrades. With this feature, it means you don't need to visit a workshop and your car will still be at its best.

How it works:

1. Make sure your Volvo is connected to the internet.
2. You'll be notified when an available update has been downloaded.
3. You may choose to install it right away or schedule a time.

It's that simple.

AFTERSALES SERVICES

Volvo Certified Damage Repair

At Volvo, we have the best choice of repair services to ensure your Volvo receives top-notch collision repair solutions.

CHASSIS ALIGNMENT

Restoring vehicles to factory standards using Volvo-approved chassis alignment and measuring systems.

HIGH-QUALITY PAINT AND REFINISHING

Using Volvo-approved equipment and paint for high-quality finishing on every Volvo.

HIGHLY EFFICIENT, ZERO EMISSIONS

Our paint booths have advanced air filtration to provide a healthier, more environmentally-friendly workspace.

AFTERSALES SERVICES

Assistance and Customer Care

You can call us with any questions, and we'll be here to answer and help with customer care and 24/7 roadside assistance.

Drive with Reassurance

Peace of mind on the road is a given with Volvo Car Insurance Plus, offering tailored protection for you and your car. We handle everything so you can enjoy a worry-free driving experience.

16 Reasons Why You Should Choose Volvo Car Insurance Plus

- 1. Competitive Insurance Premium**
Enjoy competitive insurance premiums (under de-tariffed rates) as Volvo cars are classified under a safer-risk profile.
- 2. Exemption from Betterment Charges (for up to 10 years)**
Betterment charge is exempted for up to 10 years if repairs are done at Volvo Authorised Workshops.
- 3. Claims Payout based on Agreed Value (for up to 10 years)**
In the event of total loss due to fire, theft or accident, the claims payout will be based on agreed value for vehicles up to 10 years old.
- 4. Flood Relief Allowance (up to RM3,000)***
Lump sum payment for damage due to flood, overflowing of waterways, drains or rivers, or mudslides.
- 5. Medical Expenses (up to RM500)***
Reimbursement for medical expenses incurred due to accident whilst in designated vehicle.
- 6. Corrective Cosmetic Surgery (up to RM1,000)***
Pays for corrective cosmetic surgery necessitated by an accident whilst in designated vehicle.
- 7. Driver & Passengers PA***
Personal Accident protection for driver and passengers of RM20,000 per life subject to maximum limit of RM100,000 per vehicle.
- 8. Car Replacement Allowance (up to RM150 per day for a maximum of 3 days)***
Daily allowance paid whilst vehicle is in the workshop for repairs due to own damage claim.

**9. Window Snatch Theft
(up to RM500)***

Reimbursement for loss of personal belongings due to car window smash and grab whilst driving.

**10. Waiver of Excess
(for up to 20 years)**

Excess to be waived for vehicles up to 20 years (excluding the Compulsory Excess).

**11. Fast Claims Approval
(for Volvo Authorised Workshops)**

Upon submission of required documents, claims will be approved within 2 working days (excluding claims under further investigation and claims with severe vehicle damage).

**12. Speedy Repair Works
(for Volvo Authorised Workshops)***

Repair works for damages that cost up to RM30,000 will be carried out immediately after the adjuster's survey.

**13. 100% Genuine Parts with
12 Months Repair Warranty
(for Volvo Authorised Workshops)**

Guaranteed genuine parts used in repair works conducted by certified technicians with manufacturer warranty up to 12 months.

**14. Cashless Windscreen Protection
(for Volvo Authorised Workshops)**

No payment is needed for windscreen replacement (if it is adequately insured). For continuous protection, customers need to ensure the windscreen coverage is reinstated after each replacement.

**15. 24/7 Emergency Roadside
Assistance Hotline - 1-800-88-1728**

Free unlimited towing with 24/7 towing assistance for accidents and breakdowns, with unlimited mileage and minor roadside repair services.

16. On-Site Policy Issuance

Immediate policy issuance at all Volvo Authorised Dealerships.

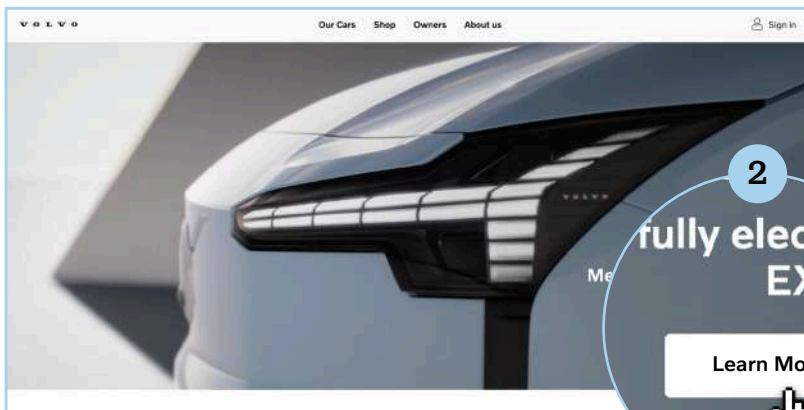

Note:

** This brochure is not a contract of insurance. The precise terms, conditions and definitions are specified in the insurance policy.*

How to Purchase the New EX30

Ready to get behind the wheel of your own EX30?
Here's a guide on how to personalise and order an EX30 today.

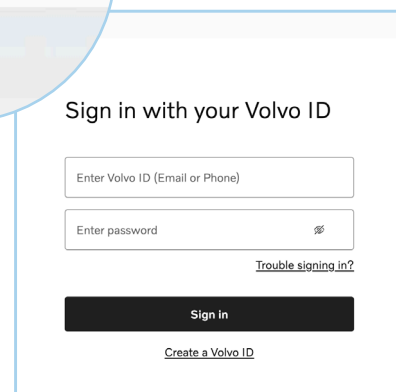

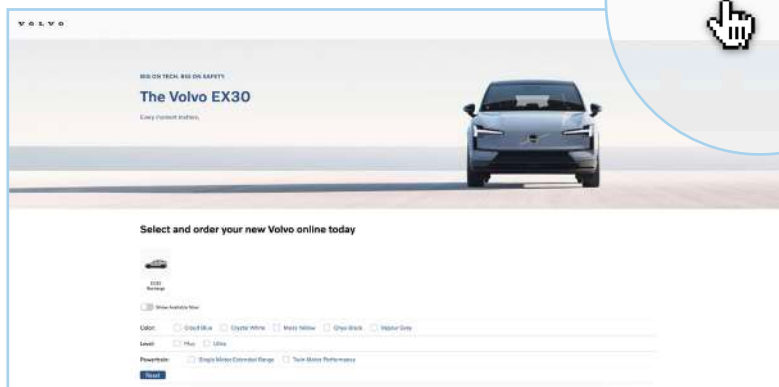

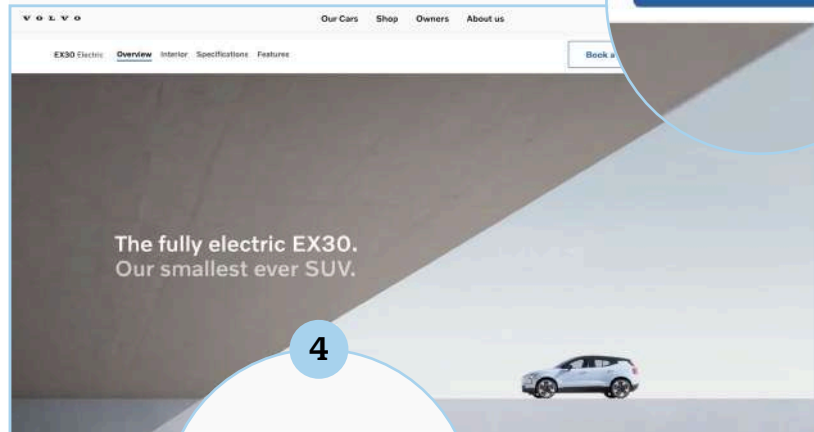

1 Visit volvocars.com/my

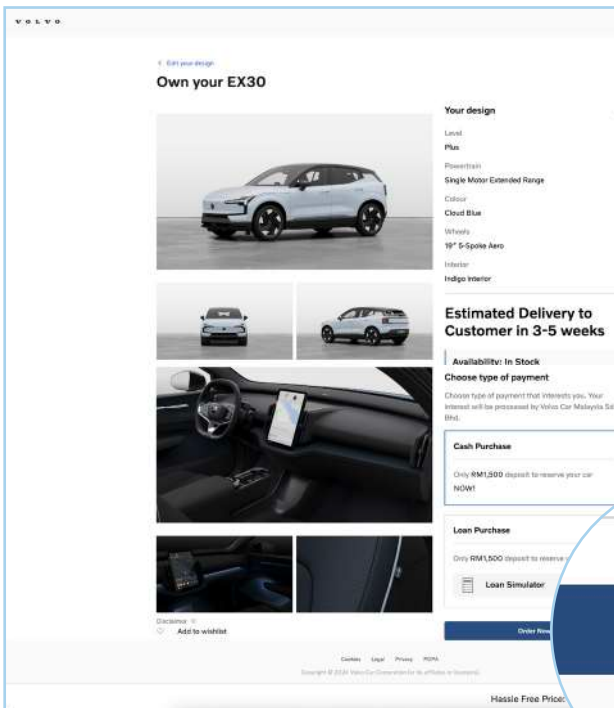

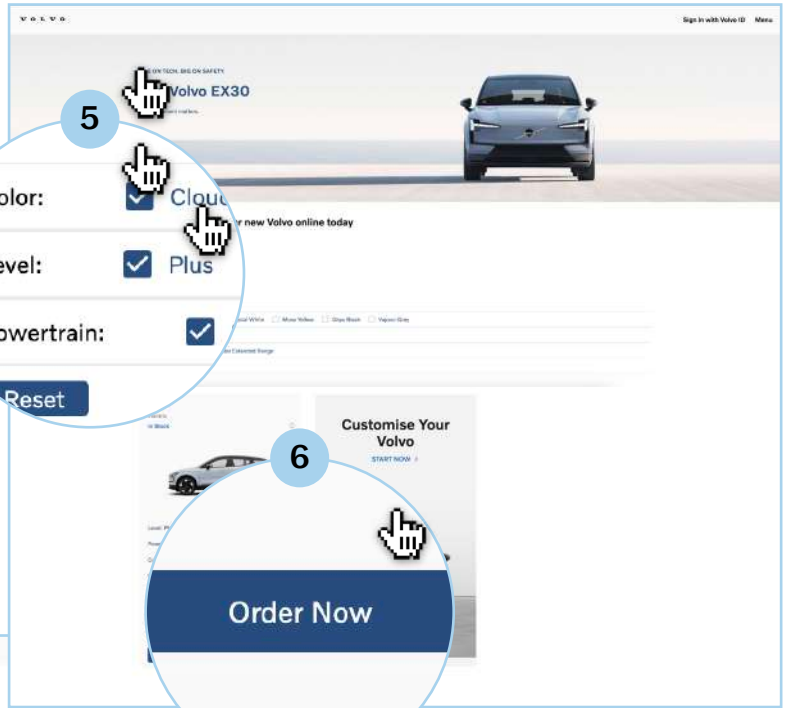

2 Click on 'Learn more'

3 Click on 'Order online'

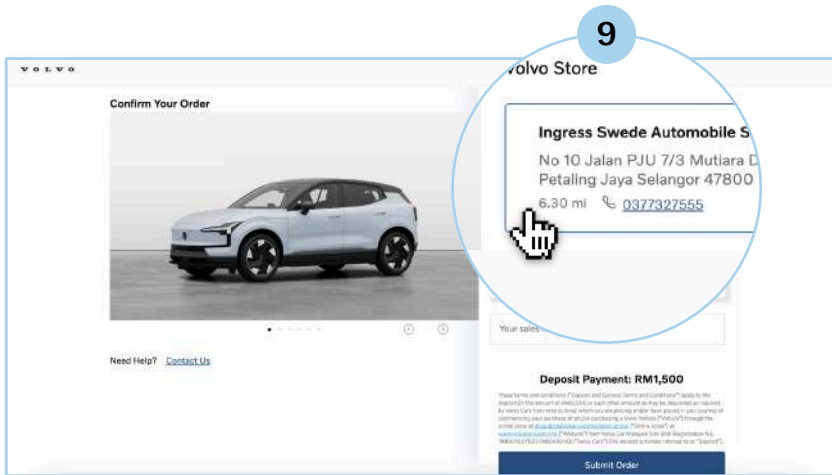

4 Sign in or create your Volvo ID

- 5 Select your colour, level, and powertrain
- 6 Click on 'Order Now'

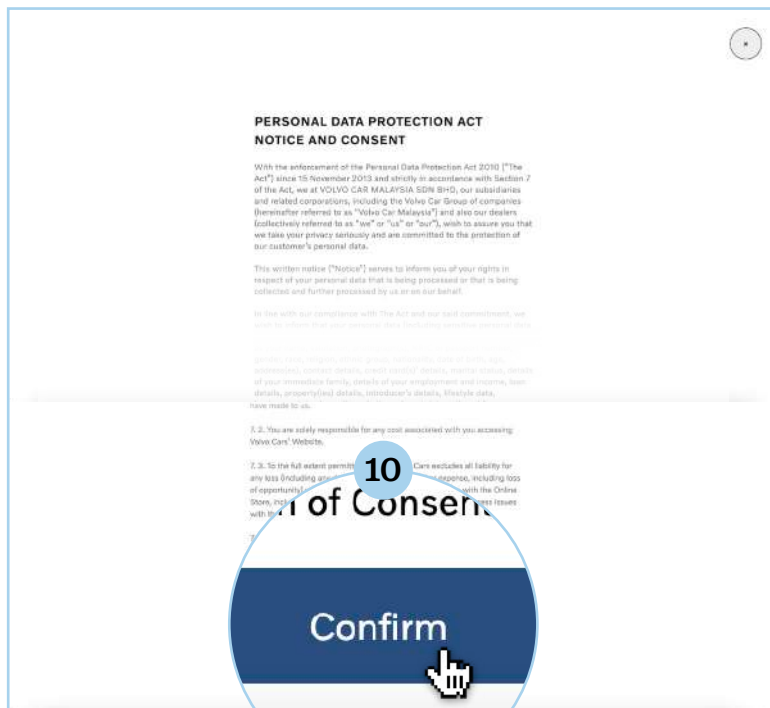

- 7 Review your design and select your payment method
- 8 Click on 'Order Now'

9 Select a dealer and click on 'Submit Order'

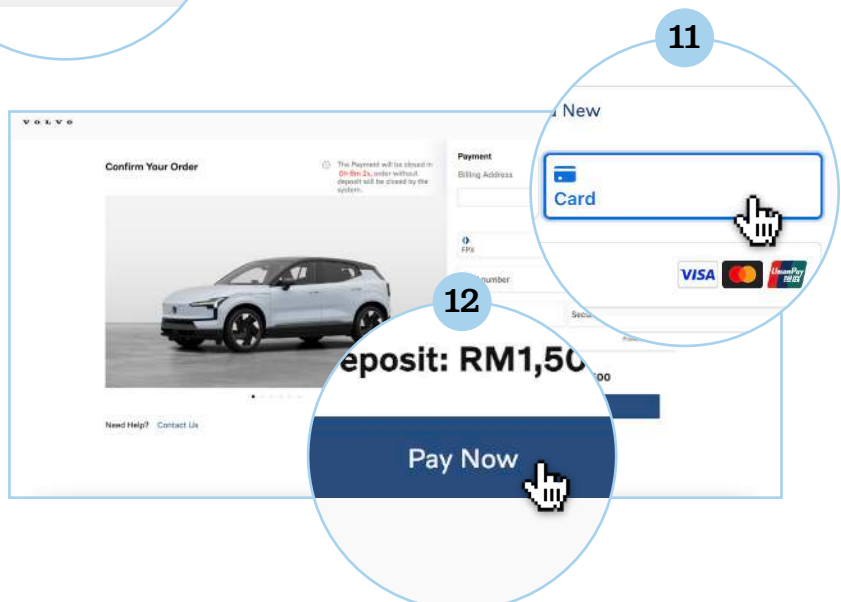

10 Agree to 'Declaration of consent'

11 Add your payment details

12 Click on 'Pay Now'

13 Your order is complete
